

I would like to offer the following comments/questions from the public meeting held on March 25, 2008.

BUILD THE ARENA BUT KEEP THE FAIRGROUNDS JUST AS THEY ARE SO WHEN THE ARENA FALLS ON ITS BUTT, THE FAIRGROUNDS WILL STILL BE THERE

I would like to offer the following comments/questions from the public meeting held on March 25, 2008.

You should be ashamed of yourself!  
What are you teaching the kids of  
4-H? So hell with you, its all  
about MONEY!

THANK YOU FOR ALL THAT WAS  
INVOLVED IN HAVING THE MEETING.  
COULD IT NOT BE MUTUALLY  
BENEFICIAL IN MANY WAYS TO BUILD  
THE CIVIC ARENA ON UNUSED LAND  
AT THE MESA COUNTY FAIRGROUND?

I would like to offer the following comments/questions from the public meeting held on March 25, 2008.

I know this is being covered a lot  
but I just want to make sure that  
opportunities for 4-H and the County  
Fair are placed in the fore-front. These  
are two activities that are really important  
to a lot of people, and my family  
in particular.

Thanks

Money, money, money. All  
that land, just burning a  
hole in our pockets. We just  
can't stand it.

I believe it is very important to maintain free meeting rooms for 4H clubs as well as an area for the animals at the fair.

I would like to offer the following comments/questions from the public meeting held on March 25, 2008.

As a member of the fairgrounds board that was fired by John Leane and Jim Spehar I thought the meeting was very exciting. This area needs a large multipurpose event center.

The fairgrounds has always been Mesa County's poor stepchild. Reducing the acreage and upgrading the rest sounds good.

I would be glad to help in any way that I can.

Omer Buerenheide associated with the Mesa County public meeting held on March 25, 2008. Fair since 1960!

Do not sell any of the fairgrounds. The veterans of the Western slope sold it with the agreement that the County would keep it totally perpet indefinitely as a park or fairground and the Veterans Memorial Park name be kept forever. Check the deed on it. Certainly some funds can be set aside each year for repair & maintenance. It is not that bad! The civic center could be used for fair concerts and other programs during the fair.

I would like to offer the following comments/questions from the public meeting held on March 25, 2008.

The proposed civic center will be too expensive to rent or have a place for meetings for the youth. We need to have and keep the fairgrounds facilities for our youth and community use. It is not in bad condition, but could use some maintenance every year. Get energy help and grants for the fairgrounds. The whole fairground should be top priority!!
