Thank you, YB 3/25/08

I would like to offer the following comments/questions from the public meeting held on March 25, 2008.

Thank you for letting us in on this meeting.

I am a concerned horse person.

Please keep me informed.

I would like to offer the following comments/questions from the public meeting held on March 25, 2008.

Horse events need stabling, warmup arenas & lunging areas - not visible on presented plans.  
Terry Yates

I would like to offer the following comments/questions from the public meeting held on March 25, 2008.

We are a small non-profit group - Grand Valley Pony Club and use the fairgrounds for Horse Shows and practices for our members. We would need to continue using the facility and want to make sure we have access at reasonable rates. This sounds like a good improvement for the valley but we want to be sure the little clubs are not overlooked. Also - would the hook-ups for RV/Horse trailers ~~be~~ still be available and would they be any additional hook-ups added? Thank you for your considerations.

Thank you. Julie Ellis

I would like to offer the following comments/questions from the public meeting held on March 25, 2008.

I don't trust a private developer -  
let Mr. Williams take his own risk -

Approach Energy companies to  
"Donate" upgrade funding &  
keep it owned & controlled by  
Mesa County - Energy companies  
are making millions of \$ and many  
of those \$ in this area -

Get the Public involved - keep  
our property & event  
Centers Public

Signed (Not required)

I would like to offer the following comments/questions from the public meeting held on March 25, 2008.

1. Current facility at least needs following for horse events:  
Redo warmup arena footing  
(more sand, less rocks)  
possibly cover warmup  
Lunging pens (current ones too  
small, poorly maintained footing  
& delapidated.)
2. Riverside Arena needs to include  
outdoor arenas & lunging/warmup areas  
stabling

Signed (Not required)

3. Cost of rental of new  
facility cannot outprice current local  
facilities. Terminates with horse
