Mesa County Public Works is soliciting qualification submittals and proposals from engineering firms interested in providing professional services for design, project management and preparation of construction contract documents for the FRT-18.5-K99A Bridge.

The pertinent features of this project is to evaluate replacement options and design the replacement of the structure. Provide all necessary design documents to bid the project as well as all right of way exhibits and right of way plans for any necessary acquisitions. Prepare hydraulic report and structure selection report. Assist with public information and meetings.

Mesa County reserves the right to accept the proposals or any portion of the proposals by a competent firm, as determined by the statement of qualification and the proposals, which is deemed to be in the best interest of the County. The County reserves the right to accept or reject any portion of the proposals or the entire proposals without disclosing the reason therefore.

This RFP is available starting February 4, 2019, by going to the following web page:
http://www.mesacounty.us/publicworks/bids/
Mesa County, in an effort to expedite the bidding process, will be using the web page as a method of getting all pertinent information out on Transportation Capital Projects. All necessary documents including bids sets, specifications, addendum and any addition information will be placed on the web page. These documents will be under the specific project name. It shall be the responsibility of all firms and contractors to check the web page and download the appropriate documents including all addendums. No notice will be sent informing contractor’s and firms that there is new information or addendums. This is the responsibility of the individual firms and/or contractor’s. Any questions or problems with the web page should be directed to Pam Hawkins at 970-244-1765.

Submittal materials must be received by 5:00 P.M. (MDT) on February 20, 2019 to be considered.

Publication Date February 3rd and 6th, 2019
