### Certification

A) The undersigned Permittee hereby applies to assume certification for Stormwater Division Stormwater Construction Permit for the aforementioned property and acknowledges that a Stormwater Construction Permit is granted with the explicit understanding that it is the Permittee's responsibility to:

Permit #

- 1) Maintain the site in compliance with this permit, the Stormwater Management Manual (SWMM), and applicable Land Use Regulations of the governing jurisdiction (City, County, Town).
- 2) Allow inspection and enforcement personnel of the Stormwater Division and the applicable governing jurisdiction (City, County, Town) reasonable access to the project site to conduct regular site inspections.
- 3) Comply with any and all directives contained in any Compliance Advisory or Notice of Violation pertaining to the project site issued to the Permittee by the Stormwater Division or the applicable governing jurisdiction (City, County, Town).
- 4) Immediately cease land-disturbing and all other construction activities upon receipt of a written Stop Work Order from an authorized representative of the applicable governing jurisdiction (City, County, Town).

B) Furthermore, the undersigned certifies, and agrees:

- 1) To the best of my knowledge, the information provided herein is correct; and is consistent with the development plans approved by the planning and/or building departments of the applicable governing jurisdiction.
- 2) A Construction Stormwater Management Plan for the disturbed area on the project site was prepared and submitted in accordance with the SWMM and the applicable Land Use Regulations of the governing jurisdiction (City, County, Town).
- 3) If the Permittee abandons the site, or becomes insolvent or declares bankruptcy, such that the requirements of this Permit are not being met, the governing jurisdiction may perform any and all necessary corrective actions, at their sole and absolute discretion to provide sufficient remedies to correct project site deficiencies.
- 4) The governing jurisdiction (City, County, Town) may issue a Stop Work Order and/or a Notice of Violation and/or may revoke this Permit or pursue any other legal remedies available to it based on an enforcement referral request from the Stormwater Division, or if the governing jurisdiction determines the Permittee is not in compliance with the SWMM, Stormwater Construction Permit and applicable Land Use Regulations of the governing jurisdiction, or if the Permittee fails to take all corrective action requested within the time specified on any Stop Work Order or Notice of Violation issued to the Permittee by the governing jurisdiction.
- 5) That in addition to other remedies, a violation of the Permit shall constitute a violation of Land Use Regulations of the governing jurisdictions; and
- 6) Any approval obtained from the Stormwater Division does not absolve the need to comply with requirements of Section 7 and 9 of the Endangered Species Act of 1973, 16 U.S.C. 11531, et seq., as amended, or with any other applicable federal, state, or local laws or regulations.
